TOWNLEY HOUSE  
DENTAL PRACTICE

# HIGH QUALITY DENTAL CARE

for all  
the family

**We aim to make your visit a comfortable and pleasant experience. As a caring family practice, we take pride in providing quality up to date dentistry. Your satisfaction and care is of paramount importance to us.**

Our mission is to ensure that you obtain the highest quality dental work available in unsurpassed comfort.

From your initial consultation to the final finishing touches of your procedure, a team of dedicated professionals are with you each step of the way to ensure the perfect result that you anticipate.

Scan me to  
find out more.

## YOUR FIRST APPOINTMENT

At your first appointment you will be asked to complete a medical questionnaire. This form is confidential and is a legal requirement when accepting you as a new patient. During your first appointment, you will be able to discuss in detail any concerns you have regarding your dental health.

We will begin by helping you understand the current condition of your teeth and gums. Once you are happy with the proposed treatment plan, we can work with you on the skills to maintain your own dental health, and help avoid the need for frequent restorative treatment. We understand that committing to a lengthy and sometimes costly treatment is often a big decision that you will need to think through carefully. We will therefore give you all the necessary information to take away.

All information disclosed to our dental team is strictly confidential, and is not disclosed to anyone outside of the surgery.

### Mr Martyn Hayward

Principal Dentist  
GDC 68029, BDS Newcastle UK

Qualified from Newcastle in 1992. I specialise in implant treatment having placed over 1,000 since 2004. Implant services include single tooth, implant retained dentures and complex reconstruction with bone grafting. I am also one of only a few dentists who can offer computer guided surgery via Nobelguide, so avoiding bone grafting and offering improved healing times. You can refer via your own practitioner or self refer by contacting us direct.

## OUR TREATMENTS

### Implants

Mr Martyn Hayward can offer you the security of implant technology which may help you change the way you feel about your appearance.

### White fillings

White Fillings are a composite material matched exactly to your natural tooth and are available for both anterior and posterior teeth to reconstruct decayed or damaged teeth.

### Porcelain Crowns

Porcelain crowns can fix decayed or damaged teeth making them stronger and healthier, made using the latest technology Spectrometer, so assuring you of an exact colour match to your existing teeth.

### Bridges

Bridges replace a missing tooth by using a crown that slips over the adjacent tooth to the gap left by the missing tooth, and supports an adjoining tooth, which fills the gap.

### Teeth Whitening

This exciting treatment is proving very popular. We feel that you are entitled to look your best and be proud of your smile.

Please visit our website [www.townleyhousedentalpractice.co.uk](http://www.townleyhousedentalpractice.co.uk) for a full list of treatment options.

### Membership Plans

We offer Membership Plans to help budget for your routine preventive dental care. Our Membership Plans are also available for all the family. Please discuss with one of our team members to find out more.

# REFRESHING NEWS

## WHY NOT TRY

### Bruxism Treatment

If you suffer from migraine or tension headaches, aching jaw or sensitive teeth, you should know about Bruxism. This simple and clinically proven device has already helped more than 1.75 million patients worldwide, without side effects, without the use of drugs!

### A Smile Makeover

Just because we're all grown up doesn't mean we should miss out on the endless benefits of a sensational smile. Television makeover programmes have shown that an attractive, bright and confident smile is now a matter of choice and not just a right of birth.
